Hair serum

- Hair serum REP 884 was used topical on the scalp 3 times a week during 6 months.
- The serum must soak in for at least half an hour, but most of the subjects let the serum at the scalp during the night.
- All subjects were measured with the cross-section trichometer and were photographed. Also they did fill in a self-assessment.
- There were no side effects.

Hair serum REP 884

Is a combination of

- Minerals
